

Online auction ending on 9th August 2022

IMPORTANT AUCTION INFORMATION

Auction ending Tuesday 9th August 2022 from 12 Noon

Do Not Bid unless you are confident you can pay & collect promptly

Payment deadline: 4 pm Wednesday 10th August 2022

Collection deadline: 4 pm Friday 12th August 2022

Opening Hours for Collection: 9 am–4 pm Wednesday 10th - Friday 12th August 2022 inclusive

Robson Kay Do Not Package or Deliver. Please note there are no lifting/loading facilities at the premises available for use by buyers

All lots are situated at Burns Engineering, Unit 1, Todd Street, Bury, BL9 5AA

Please note that Burns Engineering is only accessible from Todd Street despite the official address being Park Road. The entrance is immediately on the left when first driving into Todd Street

Lots are available to view by prior appointment, which is strongly encouraged. No lots are tested or warranted. No refunds or rights of comeback are offered in relation to any aspect of any lot.

All lots are subject to a buyer's premium of 17.5% + VAT

Most lots in this sale are subject to VAT on the hammer price however some are not - each individual lot description references where VAT does not apply to the hammer price

Immediately below are answers to the most commonly asked questions, followed by a more detailed explanation of the bidding process:

- a) **In signing up to the auction, you agree to a payment & collection deadline made clear in every lot description, typically two working days after the sale. If you cannot pay & collect within the deadline, DO NOT BID. We do not deliver or package. We appreciate this timescale is tight, however it is made clear before bidding. Do not choose to participate in this sale if you cannot adhere to this timescale. It is the responsibility of the bidder to ensure they complete in time, not the responsibility of the auctioneer to chase**
- b) **If your registration has been declined, we will most likely have issued a refundable deposit request – payment of same will lead to your approval to bid. The deposit is refundable if you do not bid or if you spend less than your deposit.**
- c) **No paperwork is sent out until the last lot has closed. No collections take place on the day the sale ends. Emails come from @bidspotter/@ibidder email addresses – ensure they are not in your spam filter. The winning bidder notification sent out after the sale ends contains all the important information you need to complete your purchase, including you paddle number which you should quote at all times.**
- d) **You must pay by bank transfer or online payment with credit/debit card – there are no cashing services at Robson Kay**
- e) **All goods are located at Robson Kay Associates Ltd, Tilson Road, Manchester, M23 9GF unless otherwise clearly stated. We are usually open for collection on the two days following the sale from 9am – 4pm. We do not close for lunch and you do not need an appointment to collect.**
- f) **Bids are legally binding. There are no rights of comeback, guarantee, refund or return, no matter what the reason. Please do not bid unless you have viewed to your satisfaction prior. Lot descriptions cannot be relied upon to be accurate and items may be unfit for purpose.**

BIDDING PROCESS

1) REGISTRATION

We host all our online auctions on Bidspotter and iBidder You must have a Bidspotter (or iBidder) account to sign up to any of our sales

Please ensure you read & understand the rules of each auction that you sign up to. Every auctioneer operates differently and independently from each other, so the rules for each auction differ, sometimes significantly.

Your credit card details are used for the purposes of an identity check, not for payment

If you fail the I.D. check and/or have no bidding history and/or have one or more incidents where you have failed to pay any Bidspotter auctioneer and/or you are based overseas, you are likely to either be declined and/or sent a refundable deposit request. If you pay the deposit, you will be approved to bid. The deposit will be returned immediately the sale is over in the event you are unsuccessful

Please therefore ensure that you sign-up well in advance of the sale – if you wait until the day the sale is closing before signing up to the sale, there is a strong chance you will not be approved in time to bid

Remember all bids are legally binding. Also please remember that we will not change the bidders details on the invoice so you must register in the name you wish the invoice to be addressed to

Do Not give your password to anyone else – it is NOT a valid excuse post-sale to claim a relative/employee/partner/friend/etc bid on your account without your permission – the registrant will still be held liable for all bidding activity

PLEASE NOTE many of our auctions are not suited to overseas bidders - the requirement to package and collect within two days means overseas bidders are unlikely to be able to comply with our terms. Should you feel you can comply, please contact us to discuss further and note in the event we do approve you to bid, a substantial deposit will be required of £2,000 before such approval is granted.

2) VIEWING & BIDDING

VIEWING is strictly by prior appointment. Viewing is highly encouraged.

Since the outbreak of COVID-19 at the beginning of 2020, we have periodically changed our rules in line with English Law and Public Health England. There is currently no requirement to wear a mask when visiting our premises.

We have sanitizer stations at each entrance which you must use when entering our premises. We operate from spacious premises where social distancing is easy to maintain. We regularly sanitize the premises and the lots. Other than viewing, we keep visitors to a minimum. For viewing, we stagger arrival times to ensure there are never large numbers of visitors here at the same time

PLEASE ACT RESPONSIBLY: If you have any symptoms, or have recently tested positive, or may have come into contact with someone who has tested positive, please stay at home

No children under 16 permitted on the premises.

All lots are sold as seen - it is assumed in the act of bidding that all bidders have viewed lots prior. No allowances of any description whatsoever will be made in the event of problems as a result of failure to view - it is our strong advice not to bid on anything at all if you have not viewed to your satisfaction first - our descriptions and photos are insufficient to rely wholly upon for the purposes of bidding

Lots close at short intervals. You can bid at any time prior to the lot closing. You can either bid at the next available bidding level, or leave a maximum bid, in which instance the system will generate bids on your behalf, buying the lot as cheaply as possible, subject to what others bid and the level or reserve (if any)

Should you attempt to place a bid 'off increment', the system will advise at the time you attempt to place your bid. The increments increase as the lot price goes up - £5 increments up to £100, then £10 increments up to £300, then in £20 increments, etc

Please Note all sales on Bidspotter use 'auto bid extension'. If a bid is placed with less than 10 minutes remaining (for that specific lot only) the end time automatically extends by a further 10 minutes. This will keep occurring until there is a 10 minute period with no bids.

3) BUYER'S PREMIUM & VAT

A Buyer's Premium of 17.5% + VAT is applied to all lots in all sales. Buyer's Premium is always subject to VAT which can never be zero rated or refunded, even for exporters

In most auctions, the majority of lots are also subject to VAT on the hammer price. However if the vendor is not VAT registered, or if the lot is VAT exempt, the lot price will not be subject to VAT

Please look at the additional fees tab in the individual lot descriptions to establish whether VAT applies to the lot in question

Strictly for those who register with an address outside the UK, a VAT refund may be possible for those exporting - see our full terms & conditions for full details. If you register with a UK address, no refund of VAT will be possible under ANY circumstances

If you will be looking to reclaim the VAT, it is IMPERATIVE that you inform us at the time of payment - claims only first registered weeks after the sale will be impossible to facilitate

4) PAYMENT & COLLECTION

You will receive a 'winning bidder notification' email shortly after the last lot closes, with details of the lots purchased & total balance. This email also contains your paddle number, which you should quote in all communications including as a bank transfer reference should you pay by that method. Indeed almost all commonly asked questions are answered in the winning bidder notification.

Emails come from @bidspotter or @ibidder email addresses – ensure you look out for same. If you do not think you have received an email by close of business on the day the sale ends, it is your responsibility to check your spam filters or contact us.

You will also receive a 'payment request' email, shortly after the 'winning bidder notification', which allows you to pay either:

- Online by credit/debit card
or alternatively
- Bank Transfer using the account details in the winning bidder notification

No in person payments are allowed.

No card payments are taken over the phone.

We Do Not Accept Cash

Balances must be paid in full & all goods collected within the timescale stipulated for the auction in question, typically two working days after the sale ends. Our opening hours for collection are 9am - 4pm

No appointment is necessary and we do not close for lunch

Most won lots are now brought to the loading bay/door, for buyers to then load themselves. Although this practice started as a result of COVID restrictions, for now we will continue with this policy to avoid un-necessary visits inside the premises

Loading of larger items using our Fork Lift Truck and driver is often possible (for a small charge) however not all lots are suited – please check prior to bidding

We will NOT palletise which means you will still need to send manpower to assist with loading your lots. Please remember that pallets are excluded and therefore should you wish to remove pallets with the lots still on them, you will need to bring like for like pallets to exchange (e.g. euro, regular and blue).

No collections will be possible on the day the auction ends - wait until the morning following the sale before visiting to avoid a wasted journey

COLLECTION DEADLINE: YOU WILL BE CHARGED a late collection/payment charge if you do not collect in time. It is deliberately high in the hope that buyers will make every possible effort to pay & collect promptly.

Goods paid for but not collected within one week of the collection deadline will be treated as abandoned unless agreed in writing with Robson Kay prior. Failure to pay will result in a block on the Bidspotter / i-Bidder platforms. We reserve the right to sell the goods elsewhere if goods are not paid for within the payment deadline.

WE DO NOT IN ANY WAY, SHAPE OR FORM ASSIST WITH POSTAGE OR PACKAGING - PLEASE BEAR THIS IN MIND BEFORE BIDDING. We do not supply boxes or packing materials, nor do we deliver.

This means if you send a carrier (or attend to uplift in person), you must remember we will not put the lot/s you have won in a box/bag/envelope, seal/tape up a box, lend tools to help dismantle machinery, load items on a pallet, shrink wrap pallets/items, label anything, weigh lots or indeed do anything other than point you/your carrier in the direction of the lots in question and supervise their removal. If this will pose a problem, **DO NOT BID**. After every sale, at least one bidder will ask us to 'bend the rules' giving a most compelling reason for same. **THIS MEANS WE WILL NOT ASSIST IN THE DISPATCH OR COLLECTION OF LOTS – NO EXCEPTIONS – Do not ask for an exception to be made as our refusal may offend**

5) FULL TERMS

Please ensure that you read our full terms & conditions for further details

This sale comprises the total assets at Burns Engineering as a result of insolvency. Many of the lots in this sale consist of both a machine and a large quantity of tooling, ancillaries, spares & more. All such items located on or adjacent to a machine are included in the lot unless stated otherwise. Cupboards and contents are included if stated in the lot description and/or if the cupboard in question has a lot label with the same number.

Some tooling can be used with more than one machine and it is possible in some instances, tooling included with a machine does not relate to that machine. Absolutely no movement of tooling or ancillaries from one lot to another will be permitted before, during or after the auction. There are no circumstances in which we will allow the successful bidder of one lot to take any tooling from a different lot.

As with all lots in all auctions, viewing in person prior to bidding is strongly recommended because no lots or lot descriptions are warrantied and there are no rights of refund/comeback.

All successful purchases must be paid for within one day, i.e. by 4 pm on Wednesday 10th August, either by using card online or bank transfer. All lots must be collected within 3 days, i.e. by 4 pm on Friday 12th August. Absolutely no exceptions. This auction is being held on site at the former trading premises of Burns Engineering. We will be handing the site back shortly after the sale and there are no circumstances in which access can be facilitated after the week of the auction. If you have any doubt as to your ability to pay within one day and collect within 3 days if successful, do not bid.

Please note there are no lifting/loading facilities at the premises available for use by buyers. The forklift truck included in the auction cannot be used to load machines by any party other than the successful buyer of the forklift truck. Any other lifting equipment on site is either lotted and part of the sale, or belongs to other parties who will not allow use by buyers. Most of the machines are situated in the main factory where they can be skated to the loading bay and then loaded with a hiab equipped vehicle although buyers are also free to send in their own forklift truck to site. Do not bid unless you are confident you can arrange a suitably equipped carrier to uplift within 3 days of the sale ending.

Lots are SOLD AS SEEN. We DO NOT TEST Lots

NO REFUNDS under any circumstances

No lots are tested, nor are they guaranteed to work and/or be complete. Our auctions are only considered suitable for trade buyers as there are no rights of consumer protection

No refunds or cancellations can ever be offered. If you are unhappy with these terms DO NOT BID.

- 1 Sykes HV14 gear hobbing machine. This lot includes the crates & contents immediately surrounding the machine as pictured plus the cupboard & contents immediately adjacent
- 2 Maxicut number 2A gear shaping machine including the crates & contents immediately surrounding the machine plus the cupboard & contents immediately adjacent to the machine
- 3 Ajax turret milling machine (type & serial number 23271 B 22260) with Sony DRO, including the 2 tables/trolleys & contents of same adjacent to the machines
- 4 Ormerod slotting machine (machine number 4981) including the crates of tooling located immediately adjacent to the machine
- 5 Jones & Shipman wheel balancer
- 6 Fendo model 250A automatic horizontal band saw including feeder affixed to the rear of same
- 7 Gas bottle cage plus 5 bottles & their contents
- 8 Quantity of rod & bar stock comprising 2 stands & their contents plus the loose metal located adjacent to as pictured

- 9 Colchester Triumph 2000 lathe with digital readout systems M-DRO including large quantity of tooling & ancillaries as pictured adjacent to the machine including cupboards & contents. Also includes additional cupboard to the rear of the machine & contents, all as pictured
- 10 DSG type 17 gap lathe fitted with Newall DRO. Includes large quantity of tooling & ancillaries as pictured surrounding the machine
- 11 2 cupboards & their contents of tooling. This lot includes all items pictured inside & on top of the 2 cupboards
- 12 Rack of tooling. This lot comprises the rack plus the total contents of tooling located within & on top of the rack. This lot primarily comprises drill bits
- 13 Cupboard & contents of tooling. This lot comprises the total contents within & above the cupboard
- 14 DSG type 21 gap lathe fitted with Sino DRO. Machine number 32379 6-58. This lot includes large quantity of tooling as pictured surrounding the machine
- 15 Swift type 16SV5 facing lathe fitted with Anilam Mini Wizard DRO. The power supply for this machine is in a separate cabinet as pictured, which is included with this lot. Also included is any tooling affixed to or located on the machine
- 16 Large quantity of tooling for use with a variety of different lathes, comprising cupboard & contents
- 17 Multi-drawer unit & its contents of tooling including the tooling immediately above & in front of same - this lot comprises all the items pictured as accompanying the multi-drawer unit
- 18 The contents of a wall mounted rack of tools, measuring equipment & more
- 19 Bridgeport series 1 2hp turret mill with Acu-Rite DRO. Includes the tooling located on the machine as pictured
- 20 Kearns S Type horizontal borer with Sino DRO. Includes tooling & ancillaries on top of the machine all as pictured
- 21 Alfred Herbert floor standing twin grinder
- 22 Abwood floor standing twin grinder
- 23 Kearns table type horizontal borer. Includes good quantity of tooling, table, setting out equipment & more all as pictured being located on or immediately adjacent to the machine. Also includes Newall Topaz floor standing DRO
- 24 Bearing heater on trolley with ancillaries
- 25 Ribon model RUR800 universal grinding machine, including tooling as pictured above & immediately in front of same
- 26 Wickman Scrivener 824 surface grinding machine with 24" x 8" magnetic chuck. Includes cooling box, tooling & ancillaries as pictured immediately adjacent to the machine
- 27 Quantity of assorted cupboards & contents comprising tall cupboard with contents of tap sets & other items plus 3 other cupboards & contents as located within, above & immediately to the side of same
- 28 6 off Elite lockers, mostly including keys
- 29 Ajax model AJBM16 floor standing single spindle pillar drill
- 30 Cincinnati milling machine with digital readout systems M-DRO plus cupboard & contents of tooling for use with same. Please note the cupboard included with this lot is not located immediately adjacent to the machine, however it is very clearly marked with a lot label & can be seen in the photos accompanying this lot description
- 31 Vertical press
- 32 Mobile hydraulic lifting device
- 33 Euro pallet truck
- 34 Linde E20 gas forklift truck with side shift. Year of manufacture 2006. Machine type H20T03. Lifting capacity 2 tonne. Serial number H2X350T00858
- 35 Trolley, 2 gas bottles & contents plus welding hose/torch/gauges
- 36 Rival model RX-4 wire feed unit including reel of wire & other items as pictured immediately above the machine. This lot also includes the 6 reels of cable mounted on the wall behind the machine
- 37 Metallisation Energizer 250. This lot includes the stand & reels located immediately in front of the machine & all the items located on top of the machine. Please note the reels on the back wall behind the machine actually form part of lot 36
- 38 Compressor equipment comprising ABAC Genesis 1108 all-in-one package compressor system plus additional vertical welded air receiver adjacent to same

- 39 Extraction system comprising externally mounted motor & ducting, internally mounted ducting, 2 off wall mounted hoods & quantity of additional ducting adjacent to all as pictured. It is important to note that where the ducting leads from the inside to the outside, the buyer can either leave said ducting in place or will need to make good the hole if they remove the ducting
- 40 Facing lathe including tooling as pictured in front/above the machine
- 41 The contents of a corner of the room comprising large quantity of welding consumables as pictured
- 42 Colchester Mascot 1600/600 lathe including tooling situated on the machine all as pictured
- 43 2 tonne hydraulic mobile lifting device
- 44 Clarke 235TE turbo welder
- 45 Butters 285 welding set including NBC wire feed & ancillaries as pictured. This lot includes the trolley & contents adjacent to the main welding set
- 46 4 off assorted 110V power tools
- 47 Quantity of assorted measuring devices, mostly each in their own individual case. This lot comprises the total contents of the pallet plus the cases immediately adjacent to
- 48 5 off assorted wrenches & adjustable spanners
- 49 2 off L shaped heavy-duty metal set squares
- 50 Quantity of lifting straps & ratchet straps comprising the contents of 3 crates. NB crates excluded
- 51 The contents of a crate of lifting chains - crate excluded
- 52 Lifting trolley
- 53 3 assorted sack trucks & steps
- 54 Quantity of miscellaneous items comprising air hose, cable ties, measuring devices, pry bar & more
- 55 Quantity of assorted clamps
- 56 Hand banding equipment & consumables for use with same
- 57 The contents of a pallet consisting of a very large quantity of bearings plus chain & other equipment
- 58 The contents of a pallet of measuring devices & taps/rods in cases
- 59 Quantity of heavy-duty drill bits comprising 5 crates & their contents plus 7 very heavy-duty bits in front of same
- 60 Magnetic lifting attachment
- 61 Bar trolley. This trolley is used for wheeling heavy bar stock around the factory
- 62 6 assorted measuring callipers, including cases for 3 of the callipers
- 63 2 very large micrometers each including its own case
- 64 Quantity of assorted micrometers & other measuring equipment comprising 4 sets/boxes
- 65 Quantity of spanners, hammers & other tools plus spray gun
- 66 3 off assorted bench mountable vices & similar
- 67 3 off assorted bench mountable vices & similar including small magnetic chuck
- 68 2 assorted pieces of lathe tooling
- 69 2 off assorted pieces of tooling
- 70 2 off circular clamps
- 71 4 off notch shaped pieces of tooling
- 72 Lenzkes clamping tool set
- 73 The contents of a pallet of 110V items & similar including extension cables & transformers
- 74 Large quantity of micrometers, callipers & other measuring equipment comprising trolley & contents. Please note we have opened each case for the photographs accompanying this lot & then put the cases back on the trolley as can be seen in some of the photos. NB 3 cases are empty
- 75 Quantity of grease guns
- 76 Box of lubricant
- 77 Small gas hose tip in case
- 78 2 dispensing units & their contents containing a vast quantity of milling & other tips, including the tips located above the storage units
- 79 2 off precision levels each in their own case/box
- 80 The total furniture contents of the offices excluding the dining suite in the first floor meeting room. This lot comprises the large table & chairs in the kitchen, the sofa, bookcases & table in reception, the desk cupboards & chairs in the ground floor office, the 2 bookcases in the corridor on the first floor, the desks, cupboards, chairs & sofa in the office overlooking the factory, the desks, chairs & cupboards/cabinets in the sales office, the cupboards in the server room (but not the wall-mounted

shelving) plus the tub chair & filing cabinet in the meeting room. NB1 the domestic dining table & chairs in the first floor meeting room are excluded. NB2 nothing which is built into the premises, fixed to the walls or in any other way fixed to the building is included in this lot

- 81 Line marking trolley/dispenser plus 3 tins of line marking paint
- 82 Appliance lot comprising 2 Hoovers plus fridge, microwave, kettle & toaster
- 83 The contents of the section under the stairs comprising 2 filing cabinets & contents plus rods/bars located to one side, vacuum cleaner located to the other & anything else in that section as photographed
